

# Celebrations! on Location | Acampo, CA

Recently our crew traveled out to Acampo to install one of our unique Sail Cloth tents. This tent measures out to 44' wide by 83' long. Included on this tent are additional upgrades that consist of clear sail cloth walls, brushed platinum chandeliers, and market lighting. In addition to the specialty lighting, our sail cloth top is made of a translucent material to allow in romantic soft natural lighting. Our staff was fortunate enough to provide top of the line rentals as well as capture beautiful photos of this extravagant event!
