

Looks We Love | Smooth Sailing

Looking for a crisp, clean, nautical theme for your upcoming wedding? Here is a Celebrations! spin that will fill your sails! Pairing bright whites with dark navy is a perfect contrast for an open water feel. We started our white base by using our tufted sweetheart Banquette as well as our Oxford Bar and Bar Back. Tie a mint sash around a navy cocktail table linen to create a beautiful silhouette. Add a pop of sunset orange with the florals and you can practically feel the sea mist on your face!
