

# On Location | Polo for Change 2018 (VIDEO)

Celebrations! had the opportunity to help set the stage for the [Saint John's Polo for Change 2018](#) event on June 2. The day featured food, drinks, live music, shopping, raffles, and more, while a polo tournament and equine demonstrations were hosted on the nearby field.

Our crews constructed a total of 14 tents for this event, including one tent measuring 20 feet wide by 600 feet long. The large open-sided structure stretched almost the entire length of the field and provided shade to the tables underneath for a perfect polo viewing location.

Check out the photos and video above for a glimpse at all 14 tents at the site of the Saint John's Polo for Change event.
