

Looks We Love | Head Tables

We love this wedding head table that brings the warmth of Burgundy to life! We dressed up the table with our Royce Flatware and Duchess Glassware that pairs perfectly with our Marilyn China. To accent with natural, earthy tones we used our Walnut Wood Chargers with Burlap Napkins. The Sprinkle Ivory Runner placed over double Linen Ivory Runners tie in the gold pieces in with the natural wood features. To make the sweetheart table special we placed our Tulle Overlay over the Burgundy linen with Natural Chivari Barstools. This is such a great way to make your head table stand out from the rest of your guest seating, especially by extending the height of the tables!
